

Mother of Mercy

Senior Living

The Mother of Mercy Foundation was created to support the ongoing services and facilities of Mother of Mercy. Your donations are used for events, activities, and facilities needs to support our residents and tenants, and continuing education grants for our staff.

Ownership you can trust.
Mother of Mercy is a faith-based nonprofit organization encircling Albany area seniors with physical, emotional, social, and spiritual care since 1959.

Welcome to Mother of Mercy
We take pride in our Catholic roots and Christian faith while serving everyone.
We treat all who live, visit and work here with dignity and respect.
We are committed to doing our work honestly, respectfully and cooperatively.
We believe that personal fulfillment comes through service to others.
We are diligent stewards of our human, physical and financial resources.

Vibrant Senior Living Graced By The Spirit of Care

Skilled Nursing Care

24-hour professional nursing and assistance is available. Our team includes physicians, nurse practitioners, registered and licensed nurses, registered nursing assistants, registered dietitian, therapists, social workers, and chaplain who work together to provide high-quality clinical and personal care. Residents, families, and the care team develop personal care plans that encompass physical, emotional, and spiritual care.

Assisted Living and Enhanced Assisted Living

Fairway Ridge Apartments are designed for active older adult living. For individuals who need higher levels of assisted living, Grace Court is specially-designed for enhanced assisted care. Providing around-the-clock personal care staff. Grace Court closes the gap between assisted living and skilled nursing care. Enhanced Assisted Living is available for those who need additional assistance with daily living.

Enriching and Enjoyable Activities

HUD, Rent Subsidized – Low Income Housing

With affordable senior housing in mind, Pondview Estates offers affordable housing options for those age sixty-two or better at one convenient location. The floor plans of these units have been designed with accessibility and elegance in mind.

Memory Care

All of our memory care communities have secured exits and are designed to look and feel like home. These small-house settings offer private apartments which open to central living/dining rooms. Spouse who wish to live with their loved one can also become residents and several double room choices are available.

Our spaces are designed for familiarity and simplicity for a sense of calm and well-being. All memory care residents can enjoy the outdoors safely and securely in our beautifully-landscaped gardens with walking paths and seating areas.

A Continuum of Care to Meet All Needs

Therapy Suites/Rehab

Surgery, injury, or illness can bring your day-to-day activities to stop. Bridging the gap between hospitalization and home requires the latest technology, clinical requires the latest technology, clinical expertise, caring support, and an environment that promotes well-being. The Suites Rapid Recovery is a healthy balance of treatment protocols, therapy, and highly skilled care.

Through partnerships with RehabVisions and other health care providers, The Suites strives to improve care transitions and reduce emergency department visits and re-hospitalizations, promoting better patient care and peace of mind.
